

Amendment to the Drawings

The drawings have been replaced with drawings have clean lines and reference numerals.

Figure 2 has been amended to illustrate the bearings 58 that pivotally mount the top rail 50 to the support frame 52. Figure 2 also has been amended to show the continuous channel 56 on the top rail. Reference numeral 64 was also added to show the slidable bracket for the press 60.

Figure 3 has been amended to illustrate the power unit 62 for the press 60 and to show the reference numeral 64 for the slidable bracket for the press 60.

New Figure 5 has been added to illustrate examples of a plurality of tool heads 70.

New Figure 6 has been added to illustrate the rails 24 in a vehicle for mounting the system 10.

New Figure 7 has been added to illustrate the system 10 mounted on the rails 24 in a vehicle.
